240 contacts And then, a brand-new, super-huge cuckold video starring Adrian Bell and Jack Macken is now available on the Petaloo site! It's been a loooooong time since we've seen the filthy cuckold videos starring Adrian and Jack, but now that you have, you'll be fully prepared to drool over them... and, of course, to salivate over them. While the ladies are never to be counted out and could actually give Adrian a run for his money in the "hot blonde beauty" category, the fact that it's Jack and not Adrian that's staring down his wife's cleavage is what makes this video so fucking hot. Don't you just love a woman who can turn a cuckold on with the flick of her eyelashes? And by the time you're done ogling his wife's breasts, you'll also be staring at Jack's hard, monster-sized cock and you'll be ready to jerk off and tell everyone in the office about how hot Adrian's wife is. We've been looking forward to this video for a long time and the day is finally here when you can see it... along with the other 8 to 10 petanque videos starring Adrian and Jack that are coming shortly! Stay tuned to Petaloo.com for more great cuckold porn and lots of great new features, including things like "Matchmaking" and "Friends," both of which are making their first appearances on the site!
